-High School Students-

Summer Speech Team Jumpstart-

Students entering grades 7-12 during the next school year. \$25 for 3 summer sessions and 1 bonus session during speech season; sessions are private lessons lasting at least 30 minutes

Cheryl Neidt, Instructor

(Students should sign up through Community Education, pay fee, and will be contacted by the instructor for a meeting at Springfield Public Library at a mutually convenient time.)

New students will explore category choices and will be given help in selecting a category appropriate to student's interests and skill set. Current team members can use the opportunity to get a head start in preparing for the 2019 speech season. On an individual basis, public speaking students (oratory, informative, great speeches, extemp speaking) will receive guidance in choosing a topic, finding quality research, creating a rough outline, and beginning the written text of the speech. Interp students (poetry, prose, drama, humorous, duo, program oral interp) will be directed to literature to select and provided guidance in cutting a larger story into a smaller performance piece. Jumpstart students will have the opportunity to receive feedback (electronically) on speech script or introductions throughout the speech season. This is a perfect opportunity for students who wish to double-enter or work on a program oral interp for the National Speech and Debate Association contest to get prepared ahead of time.

Register by June 1st by mailing or dropping off registration fee, along with your name, cell number and email address, and speech category in an envelope to Springfield Community Ed. @ Springfield Public School, 12 S. Burns, Springfield, MN 56087.
